Team,
I am following up on this one because it is due with extension next Monday, but I am OOO as of this Friday, and still have to run this by SOL and complete the awareness review.

Do you have a timeline for response?

Thanks!

Dear OS FOIA,

While processing this FOIA request from Adam Federman, a Reporting Fellow, Investigative Fund at the Nation Institute, seeking records related to a draft memo on the possible recombination of BOEM and BSEE, BOEM located 73 pages containing DOI equities and we are seeking consultation.

Attached are the FOIA request and the responsive documents (total 73 pages). We are recommending withholding a large portion of the information under Exemption 5 DPP. (b) (5)

Please review this material and provide your recommended release determination no later than COB Wednesday June 20, 2018 (or sooner if at all possible).

Please feel free to contact me directly with any questions.

Respectfully,

Natasha
